

Falla Hill

It was lovely to see some sunshine last week! The children continue to work so hard. In Primary 1 they have been practising the skills of blending, in Primary 2 they were comparing mass of objects, in Primary 3/2 they were focused on division and multiplication and in Primary 3 they were making predictions using their reading books. In Primary 4 they were learning to create a short piece of music through a stimulus and in Primary 5 they were working on creating a poem. Primary 6 had a great time on their school trip and Miss Lynch and Miss Peacock were proud of how well they represented the school. In Primary 7 they were researching the reasons why rainforests are being destroyed and how it effects people, the ecosystem and animals.

On Friday 13th March, Claire Miller is leaving us. Claire has been a great part of the team here at Falla Hill where she has worked across Early level, contributing to the fantastic work that goes on in our nursery and Primary 1 class. We wish her all the best in her new position. Good Luck!

Science in Schools at Falla Hill

We were thrilled to welcome ‘Magnetic Matt’ to the school on Wednesday to present 3 fully funded workshops to the children, community and staff. The workshops were funded by a grant from the Royal Institution and the children enjoyed a range of displays about 8 different types of energy. From the effect of gravity on an egg, the nuclear energy in a banana, the strength of friction energy in a catalogue to the big finish with a ‘wee’ fireball. The children were inspired and engaged, with so many hands up to volunteer ideas, answers and for the demonstrations of course! As we wander through British Science Week (6-15th March), we hope that the theme of ‘Curiosity – what’s your question’ has been sparked and that the children will enjoy forming their own questions and science investigations...safely of course!

Kids Gone Wild!

This term, all children will be taking part in the second round of outdoor workshops with Rob from Kids Gone Wild. Sessions will take place in the forest and will focus on outdoor play, as well as reconnecting with and respecting nature through outdoor learning. Weather permitting, Rob will be bringing Jax, a labradoodle, who is a certified therapist. Feedback shared from children and staff said that they all really enjoyed the first session and they are looking forward to the next!

World Book Day Parent/Carer Drop In

All of the children enjoyed the world book day activities that they were involved in across Thursday and Friday. We hope you enjoyed your visit to the classes too!

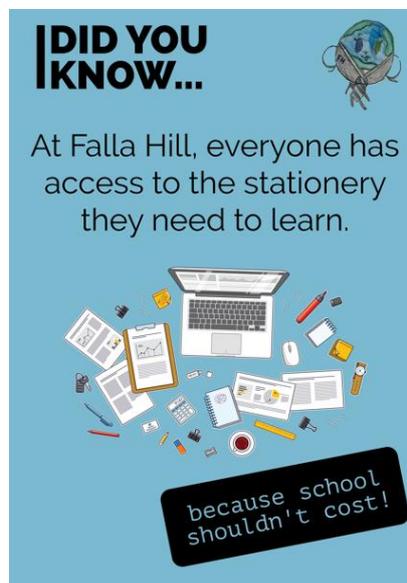

Falla Hill Savers

Falla Hill Savers attended an online meeting about the upcoming election and the School Shouldn't Cost manifesto. Over the coming weeks, Falla Hill Savers will be discussing what matters most to them about the cost of the school day and will be writing to MSPs to share their views.

They have also created posters to raise awareness of the ways in which we are helping to keep school costs down for families. The posters have been displayed around the school and are being shared each week at assembly. Last week, our focus was on stationery costs.

We have attached the poster below. Do look out for these around the school!

Nursery

'This week in nursery, we have started our new topic 'What are healthy and unhealthy foods?'. Our topic has come from the children's interested in how to care for themselves. We have added our home link to seesaw and look forward to see lots of healthy food pictures. The red group went to the park this week and had lots of fun investigating how we use our bodies on the park apparatus.'

Updates and reminders

- Mrs Burns and Mrs Howley have been eagerly planning health week which will take place between Monday 23rd March and Thursday 26th March. On these days children can wear PE kit. Further information will follow.
- If you need support setting up parent portal please contact Mrs Hughes. This is the platform we will be using to book parent consultation appointments.
- **Please complete the 2025-2026 Parent Ethos Survey. The link will be live until the 24th April 2026. <https://forms.office.com/e/aA3SjxXzAQ>**

Caught Being Good

Caught Being Good – this fortnight is linked to our value of creativity and Article 29 – I have a right to an education that develops my personality, talents and abilities.

‘Recycling and looking after the environment’

Caught being good was – Lochlan in P2

Fantastic @ Falla Hill

Reaching for the Stars

Reaching for the Stars is where children demonstrate being a responsible citizen, effective contributor, confident individual or a successful learner – which are the four capacities for learning in the Curriculum for Excellence.

<u>Confident Individuals</u>	<u>Responsible Citizens</u>	<u>Effective Contributors</u>	<u>Successful Learners</u>
David – P4	Myla – P2	Poppie - P2	James – P4
